# Bring the maibec® look home!

**The maibec® look is all about creating textures through an artful blend of materials and colours. Finding the right combination for your home and creating traffic-stopping curbside appeal is easier than you think!**

**Here are some tips to get you started:**

## **MIX MATERIALS**

- For picture-perfect proportions, combine different siding profiles. Horizontal lines boost volume; vertical lines add height.
- Use shingles in dormers and gables. They will instantly bring out the richness of the surrounding siding.
- Think mouldings for a truly flawless finish. These small details make a huge impact.

## **COORDINATE COLOURS**

- The choices are virtually endless, so let your own personal taste guide the way!
- Combine solid and natural looking stains to draw the eye to your home's best features.
- For a professionally-designed look, stick to tried-and-true combinations of complementary and contrasting shades.

## **GET INSPIRED!**

Available in 3 colours.

### OUTSIDE CORNER

### INSIDE CORNER

\* The metal corners are not covered by any warranty.

# We help you create your dream home!

## 1 Choose your siding profile and finish

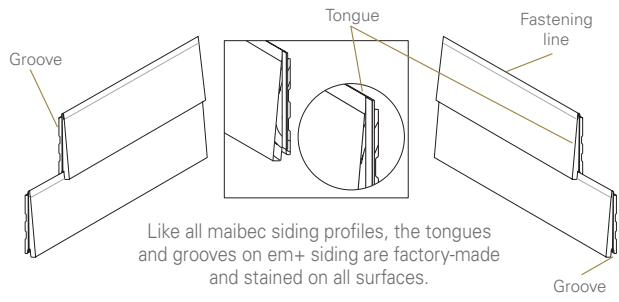

Choose between our regular siding with visible nail heads or our maibec em+® siding with its blind fastener system.

### maibec em+® SIDING

maibec em+® siding makes installation a snap, while ensuring a professional finish every time.

#### HOW IT WORKS:

With maibec's innovative em+ profile, siding locks into place quickly and easily, thanks to the end-matched tongue and groove joints that firmly secure the siding at the top, bottom and ends of every board.

Like all maibec siding profiles, the tongues and grooves on em+ siding are factory-made and stained on all surfaces.

#### THE RESULTS:

- The blind fastener system all but eliminates the need for face nails.
- Joints can now fall between furring strips.
- And virtually no mitre joints or touch-ups at the end of boards, either: a huge time saver!
- Siding goes up faster and easier than ever before, with a lot less waste and a much cleaner look.

## 2 See the difference mouldings make

Accentuate your home's details and make it truly unique with genuine wood mouldings, either matched to your siding or in a complementary colour. Either way, mouldings make all the difference when it comes to creating traffic-stopping curb appeal.

### REGULAR MOULDINGS

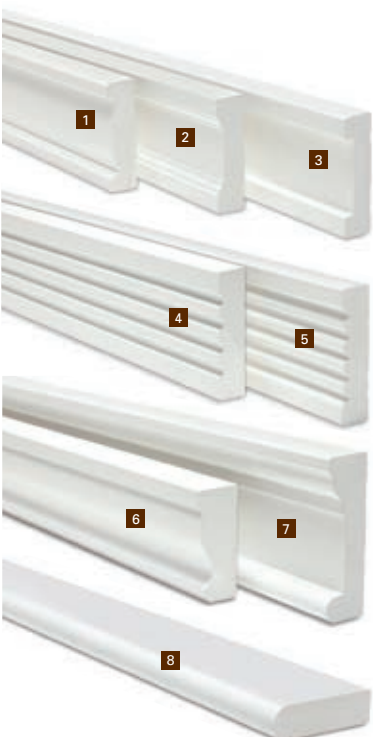

A large selection of mouldings in various dimensions.

- |   |                                  |
|---|----------------------------------|
| 1. Inside corner*<br>2" x 2"  | 4. Window sill*<br>2" x 3"       |
| 2. 2" inside or<br>outside corner<br>2" x 3" 2" x 4" 2" x 5"<br>2" x 6" 2" x 7" 2" x 8"<br>2" x 10" | 5. Window drip mould*<br>2" x 3" |
| 3. 1" fascia<br>1" x 3" 1" x 4" 1" x 5"<br>1" x 6" 1" x 7" 1" x 8"<br>1" x 9" 1" x 10"              | 6. Universal corner*<br>2" x 4"  |
|   | 7. Victorian*<br>2" x 3"         |

\* These mouldings are not available in natural tones.  
However, they are available in the equivalent solid colours.

### METAL STARTER TRIM

Stainless steel vent trim installed over the strapping.  
Prevents rodent and certain insect infestations, provides proper ventilation for the wall and eliminates the need for face nails on maibec em+® starter course.  
Can also be used with regular siding.

### ARCHITECTURAL MOULDINGS

Doors and windows become so much more when dressed in architectural mouldings. Our finger-jointed pine† casings, pediments and window sill are factory-stained and can be combined to make the very most of your architectural features.

- |                                       |                                 |
|---------------------------------------|---------------------------------|
| 1. Domed casing 504<br>2" x 4"        | 5. Ribbed casing 502<br>2" x 5" |
| 2. Contemporary casing 503<br>2" x 4" | 6. Wavy pediment 506<br>2" x 4" |
| 3. Flat casing 500<br>2" x 4"         | 7. Flat pediment 505<br>2" x 6" |
| 4. Fluted casing 501<br>2" x 5"       | 8. Window sill 507<br>2" x 4"   |

† Architectural mouldings are not covered by any warranty.

Architectural mouldings are not available in natural tones.  
However, they are available in the equivalent solid colours.

### ③ Eastern White Cedar Shingles Truly timeless. Simply inimitable.

---

**Shingles offer a world of possibilities, from increasing the rustic charm of your home to emphasizing architectural details. The trick is to use just the right amount, and in the right combination.**

#### **The right product on the right walls**

No two walls are the same. Each has its own installation challenges. For a fast and flawless installation – with less waste – you have to use the right product on the right wall.

- **INDIVIDUAL SHINGLES**  
Ideal for façades, where most details can be found.
- **MAIBECWOVEN CORNERS**  
Ready-to-install inside and outside corners that cut installation time by more than 20%, while ensuring sensational results.
- **PRE-ASSEMBLED STRIPS**  
The best way to cover large surfaces with few details.
- **VICTORIAN SHINGLES**  
Great for emphasizing architectural details such as gables. A wide selection of original designs to choose from.
- **MAIBEC WIDES**  
Ideal for shingling dormers and gables in less time.

**Innovative solutions that save time and money... with gorgeous results.**

## 4 Choose your colours

### DISCOVER THE NAUTILIA, BALSAMIA, PROVINCIA AND TERRA INSPIRATIONS BY MAIBEC.

The 75 colours in maibec's colour chart are conveniently organized into four unique palettes of solid colours. Specially created by professionals and inspired by nature, these traditional and contemporary shades reflect the latest trends in home design.

#### Need help coordinating colours?

Consult our colour chart at [www.maibec.com](http://www.maibec.com) for tried-and-true combinations that will never look out of date or contact us at 1 800 363-1930 to get a copy of the maibec colour chart.

### TRENDS PROGRAM

#### Want your maibec siding ASAP?

Use our TRENDS program: Easier ordering and quicker delivery on a variety of siding and moulding profiles. For details, see your retailer or visit the COLOURS section at [www.maibec.com](http://www.maibec.com)

### CUSTOM SOLID COLOURS

#### An infinite world of colours await.

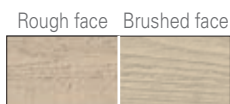

Looking for a specific colour? Thanks to our TrueMatch® system, you can have any shade you want. The sky's the limit! Our specialists can produce the exact solid colour you want, and will even provide a sample. Custom solid colours are available on rough face siding and mouldings, and shingles.

### NATURAL TONES SIDING

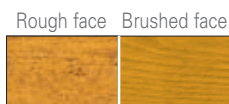

#### All the rich, natural beauty of wood, without the time-consuming maintenance of a semi-transparent shade.

Thanks to maibec's cutting-edge technology and carefully-selected stains, our unique two-coat finish process combines the proven UV protection of a solid stain with the natural charm of a semi-transparent stain.

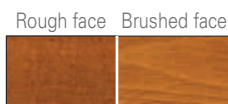

#### 10 attractive colours

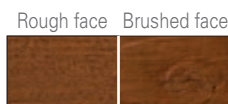

Niagara Silver 050

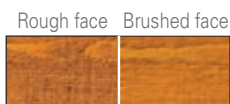

Prairie Gold 051
